

The Elfrida Society is pleased to launch its new accessibility 'easy read' service.

Our mission is to help make sure every piece of information around us is accessible for people who have a learning disabilities and/or autism.

We have a fantastic team of staff with learning disabilities and/or autism who help us co-produce all our own paperwork to make sure it is fully accessible with large, simple words and pictures.

We are now able to extend this service to other organisations. We can take any existing documents and turn them into 'easy read' versions using any styles or logos.

We can also offer an 'easy read support & checking service' for organisations who make their own 'easy read' information but need advice from people with learning disabilities and/or autism to make amendments.

If you would like help to make your documents 'easy read', please contact us and we can talk to you about your accessibility needs.
