

# The Elfrida Society Power & Control Group

# Speak up!

We are a group of people with learning difficulties that speak up about issues that impact people with learning difficulties and disabilities.

# Access to equality

We speak up about access to jobs, council services, quality housing, education, leisure and access to health services. We also speak up about community safety, bullying, hate crime, etc.

We use role plays to show how people with learning disabilities are treated unfairly.

We've performed role plays about doctors, receptionists, hospitals, jobs, safeguarding, housing, psychology, transport.., you name it.

We ask people to think about what they can do to make their services equal and fair for all of us..

## The Equality Act 2010

We are members of the Islington Learning Disability Partnership Board and Subgroups, including Housing, Health, Safeguarding, etc. Representing the views and voice of people with learning disabilities.

**We speak up and give presentations and role plays at many other events such as Councillors' events, The Big Health Check Up, Islington Fairness Commission, the Council Disability Equality Performance Group, the Royal College of Nursing, etc.**

We provide **training** to staff, practitioners and students. Recently we delivered training to....UCL Psychology students, Islington Business and Employment Support Team, GP's and Health Centres Receptionists and local Businesses involved in supporting people with learning disabilities.

**We work for other agencies too,**  
such as Transport for London,  
Inclusion North and different Council  
departments. Using our knowledge  
and lived experiences to evaluate  
and inform new building works and  
development projects to promote  
'making all things accessible'

pr

Talk to **Ali** to find out more  
about our work or how to get  
involved
